

A Partnership That Delivers More

CORPORATE WORK STUDY PROGRAM

PROVIDENCE
CRISTO REY

Forward-thinking leaders use the **Providence Cristo Rey High School Corporate Work Study Program** as a tool for growth and culture building.

This partnership integrates motivated high school students into your workforce, providing you with a diverse talent pipeline and a fresh perspective.

Join the Education Leaders of Indianapolis

Over 100 Indianapolis organizations utilize this program to drive culture and performance.

The ROI of Partnership

The Corporate Work Study Program is designed to fit naturally into your school community, offering students and staff a meaningful experience without adding to already full schedules. At its core, the Corporate Work Study Program is about connection, encouragement, and opportunity — designed to support schools, not stretch them.

Inspiring Student Connections

Students begin to see learning beyond the classroom and imagine future possibilities through simple moments of encouragement and positive role modeling.

Cultivating a Diverse Future Education Workforce

Early exposure to careers in education helps build a future workforce that reflects and understands the communities schools serve.

Meaningful Leadership Moments

Teachers and staff have opportunities to model mentorship, teamwork, and encouragement in small, manageable ways that align with what they already do best.

A Stronger School Community

The partnership reinforces a shared sense of purpose, helping students and educators feel connected to something larger than their individual roles.

KINDERGARTEN TEACHER AT SAINT LUKE
CATHOLIC CHURCH

Seamless Integration. Maximum Impact.

The most common question we hear is, 'What can a high school student actually do?'. Providence Cristo Rey students are prepared to step into professional environments ready to contribute to real tasks and projects that support your classroom and students.

The Logistics: A True Partnership

We Handle the Commute

Students are transported to and from your office by our team. No liability for your staff.

We Coordinate the Schedule

Students work one full day a week on a rotating schedule, based on what year of school they are in.

We Support the Partnership

You aren't doing this alone. Our dedicated program staff guides your team through onboarding and provides ongoing support.

PARTNERS IN ACTION

Students working at St. Luke's Catholic School support classrooms and school operations while gaining hands-on experience that helps them envision a future in education.

INDUSTRY: Elementary Education

THE STRATEGY: Helping understaffed Catholic schools and allows students who are interested in a future in education see themselves within the classroom

THE WORK: Students assist grade-level teachers during lessons, provide one-on-one tutoring in core skills, supervise recess and lunch, and support administrative tasks in the school or parish office.

THE RESULT: Builds a diverse local talent pipeline that strengthens Catholic education and supports its long-term sustainability across school communities.

See the Impact Firsthand.
